Dear Inspector General,

On 03/13/2020, I attempted to mail a letter of information to the FBI from a post office located at 10000 1st St, Suite 100, Sacramento, CA 95825. The attached information was an FBI online tip form selected online for region. Limitations of content precluded report as thoroughly intended. Therefore, I am, hereby, corresponding to report full intent in letter by mail.

I am, hereby, corresponding to report crimes committed by employees during this transaction of that fraud and theft, conspiracy to commit many violations including those against the RICO Act in collusion with organized criminals, and criminal abuse of process with malice intent in same conspiracy. Said conspiracy is germane to the criminal complaint of this attempted mailing to the FBI. Act, therefore, was with an evidenced criminal motive. As covered in the information, I have been continually experiencing interception of entirely all of my mail in delivery process. For example, a Petition to the Supreme Court of California was procedurally defaulted on the court. Clerk of Courts claims it was never received although I filed it by mail delivery. I mailed it by certified mail. Tracking record claimed it was delivered. My complaint also involves evidence of Record Tampering. There is clearly has been fraud in this matter. As I am further reporting to various law enforcement agencies:

"... Staff fraudulently defaulted to interfere with this post as mail theft and tampering... The female, customer-service employee instigated baseless threats to forever deny postal service to myself personally during transaction. (I have experienced stalking, harassing surveillance by an entity's "plant" colluding with management for this malicious, invasive, personal attention. He had observed my preparation of the mailing in its dining area.) During the commotion, distracting, she omitted full address to the Cleveland FBI Field Office. Her act consciously was by mens rea intent in same conspiracy reported a proven prima-facie. Just prior, immediately upon my arrival to the service line, with a long line and thirty-five minutes before close, she was called to an abnormal and inappropriately-timed break for a consultation meeting in a private office (which harassed with time-delay and waste)..."

I adamantly demand full severity of enforcement meeting the crimes of these colluding, organized-criminal outposts. I am extremely indignant and fed up with these recurring patterns of harassment to all of my fundamental rights over many years continually (and by colluding government agents and <sup>past and</sup> instigators). Your office is accountable to this requisite to not obstruct justice by depriving neglect. This act was in context, <sup>in conspiracy to commit and</sup> with nexus to, a multitude of jointed crimes of heinous severity. Correct, discipline and prosecute.

Thank you,

James E. Horton

They have risen to meet, taking this as weakness. I will not tolerate being impeded for it!
